Fox Chapel Publishing, United States, 2005. Paperback. Book Condition: New. 277 x 213 mm. Language: English . Brand New Book. 16 Easy-to-Build Projects for the Home and Garden Women woodworkers are one of the fastest growing segments of the do-it-yourself niche, but until now they have had little resources to support their community and build their skills. This book written by Linda Hendry, one of America s most accomplished woodworkers, will guide other women, step-by-step, through 16 projects proving that workshops and power tools are NOT just for men anymore. The book begins with a Getting Started section in which the author explains basic woodworking concepts and provides an overview of wood, tools, safety and finishing techniques. This section is designed to build the reader s confidence and features full-color photographs and easy-to-understand language geared specifically toward the female reader. At the heart of this book are 16 easy-to-build projects for the home and garden. Whether the reader is looking to build a simple utensil rack, a child s easel or a decorative sofa table, this book offers a variety of projects at multiple skill levels. All projects are made with basic woodworking tools (router, scroll saw, drill, etc.) and can be completed in a weekend.
