Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. From Genesis to the Book of Revelation, the Bible tells us that God is our Creator. To deny that is to undermine people s belief in the Bible and to weaken them as Christians. God is Our Creator shows that the theory of evolution is contrary to the laws of science. Also, some of the evidence for it is outright fraud. Therefore, it is really a religion rather than a science. It is promoted by humanists in order to try to undermine Christianity.
