Excerpt from Grading and Exporting Wheat in the Union of Soviet Socialist Republics: December 1960; Fas M-99 An agreement was concluded on December.1, 1959, between the Governments of the United States of America and the Union of Soviet Socialist Republics providing for exchanges in the cultural, technical, and educational fields. This is the second such agreement; the first was concluded in 1958. Agriculture, which plays an important role in the national economies of the two countries, was specifically included in the agreements as a field for exchange of specialists. The u.s. Department of Agriculture accordingly sent to the Soviet Union in 1960 four technical study groups of specialists in the following subjects: Handling, storage and transportation of grain; food processing; agricultural information and planning; and soil salinity. In 1961 it is planned to send two additional study groups in the following fields Poultry-husbandry; and forage crops and range management.
