Brand New Book ***** Print on Demand *****.Excerpt from A Brief History of Butte, Montana: The World's Greatest Mining Camp, Including a Story of Extraction and Treatment of Ores From Its Gigantic Copper Properties OUT of the boundless West from time to time comes literature of every description concerning its resources, development, life, grandeur of scenery and every phase that can possibly serve as a vehicle to relieve the mind. One effort emanates from the pen of the student of events, who sees the unfolding of mighty things which shall leave their imprint upon the future of a great and growing nation. Another purports to be the work of the critic, who, after a superficial study of prevailing conditions, finds much delight in exaggerating the primitiveness of its institutions, the roughness of its life and the depravity of its public morality, with little or no thought as to the obstacles which have been overcome, the rapidity with which events have followed one another nor the influences which have been thrown about them. Still another is of a commercial character, inspired by the demand...
