Do you cheer on your favorite college football team each week, but you don't really know what's going on? Do you find yourself asking questions like "What position does he play?" and "Why did we get a penalty on that play?" Enroll in College Football 101, a simple explanation of the rules and structure of college football. This is not an in-depth discussion of football strategies and analysis. Rather, it's an introduction, a survey course, about the basics of the most popular collegiate sport in America. This is the 2nd edition of the course featuring the Southeastern Conference, the premier collegiate football conference in the country. The 2nd edition is fully revised, updated, and expanded to include the new members of the 14-team league. Upon completion of College Football 101, your new knowledge will help you more fully enjoy your game day experience! This item ships from La Vergne, TN. Paperback.
