Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from German Masters of Art The increase of travel in Germany and the frequent pilgrimages that are being made to points of interest to the musician, scholar and pedagogue are contributing to the greater appreciation of the mediaeval flavour and quaint picturesqueness of her smaller towns with their narrow streets and high-gabled timber houses, and to a fuller acquaintance with the rich treasures of her art. Whether the traveller explores the towns and villages nestling among the mountains of Tyrol, seeks out those tucked away in the Black Forest, the Vosges or the Harz Mountains, visits the walled strongholds of the Swabian plains, wanders along the banks of the Rhine or follows the narrow, picturesque Danube valley to the river's source, he will find everywhere imposing castles that are veritable treasure-houses of art; ancient monasteries with graceful, frescoed cloisters or collections of rare pictures; beautiful or unique churches with fine, old, wooden, carved and painted altar-pieces; princely, ducal or municipal galleries rich in interesting works of art. This mounting interest seems to demand a complete and unified history of the development of German painting.
