**Acyclovir**  
Development and Evaluation of water dispersible  
tablet

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Development and Evaluation of water dispersible tablet | It is developing a novel, cost effective WDT manufacturing process using conventional tablet technology for the production of robust tablets suitable for conventional packaging. Approximately one-third of the population, primarily the geriatric and pediatric populations, has swallowing difficulties, resulting in poor compliance with oral tablet drug therapy which leads to reduced overall therapy effectiveness. On the other hand, Suspension as a dosage form is...
