Drawn and Quarterly, Canada, 2007. Hardback. Condition: New. Hardcover.. Language: English . Brand New Book. Dogs and Water chronicles a piece of a lonely journey, without origin or destination. A young man wandering a nameless path has only a stuffed bear as a companion, which inertly endures his desperation, anger, and musings along the way. The landscape is cold and bleak with few landmarks, and offers only precarious encounters with animals and armed men. These interactions are rife with instinct, the drive for survival, and human ethics concerning the killed and injured. He finds acceptance with a pack of dogs, though their nature is wild and their potential threat is as unsettling as the sudden presence of a massive pipeline on the horizon. In a dreamlike state, the endless land becomes a vast body of water where his boat is destroyed and his body floats in a subconscious space. On land, the road disappears and only blind circumstance remains. All is uncertain and all can be lost, but he continues on regardless.
