Working with Stories is a textbook for people who want to use participatory narrative inquiry (PNI) in their communities and organizations. PNI methods help people discover insights, catch emerging trends, make decisions, generate ideas, resolve conflicts, and connect people. Participatory narrative inquiry draws on theory and practice in narrative inquiry, participatory action research, oral history, mixed-methods research, participatory theatre, narrative therapy, sensemaking, complexity theory, and decision support. Its focus is on the exploration of values, beliefs, feelings, and perspectives through collaborative sensemaking with stories of lived experience.
