Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Anglo-American Pottery: Old English China With American Views a Manual for Collectors It was originally intended to indicate the shape of the piece or the size of the plate on which each design occurs, but this classification was found to be well-nigh impossible, on account of the apparent lack of any definite system followed by manufacturers in the decoration of pieces. The view of the Philadelphia Library, produced by J. W. Ridgway, for instance, is only known to have been printed on eight-inch breakfast plates, while the States and Landing of Lafayette designs of Clews occur in all sizes, from the small cup plate to the largest platter, and, in fact, have been found on almost every variety of article belonging to table services and toilet sets. A mere list of the subjects, therefore, is presented, without regard to the shapes or dimensions of the objects which they embellish.
