Aquaponic Production of
Goldfish and Spinach

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Human population requires high-quality proteins, vitamins, and minerals for proper nutrition. Fish and vegetables are excellent sources of food groups, for which, there is a need of sustainable technology which efficiently cultivates the food groups while conserving water and land resources. Aquaponics is the ideal of the integrated technology. It is an integration of recirculating aquaculture system and hydroponics. This book, therefore, provides information on aquaponics production of goldfish and spinach with...
