Bear & Company, U.S.A., 2013. Couverture souple. Condition: Neuf. « Written at the request of the Aboriginal healers Holz worked with, this book reveals the beliefs and principles of the 60,000-year-old healing system of the Aborigines of Australia, the world's oldest continuous culture. Chronicling the step-by-step process that led to his miraculous recovery, he explains the role played by thought in the creation of health or disease and details the five essential steps in the Aboriginal healing process. He explores the use of dreamtime, spirit guides, and telepathy to discover and reprogram the subconscious motivations behind illness--a process that enacts healing at the cellular and the soul level, where the root of physical illness is found. Supported by modern science, including quantum physics, Aboriginal medicine enables each of us to tap in to healing support through the power of the body/mind/spirit connection.».
