Oran knows that he doesn't deserve Ciana. But their love is stronger than the metal he forges and welds. She has his heart and he will never turn from her no matter the cost. They plan to run away and start a new life far beyond her father's reach. But their escape comes too late. Separated, Ciana will need all her strength to journey through the deep forest and save Oran from the witch's curse. Alone and with only a trail of black feathers to follow, Ciana will fight against the odds and attempt to bring her lover home.
