The microwave oven is much more than just a way to reheat leftovers. This versatile machine can cook your breakfast, lunch, dinner, and dessert, plus several varieties of snacks to meet your needs. Do you have a busy morning and no time to cook? Try Coffee Cup Quiche or the Southwest flavors of Chilaquiles and enjoy a protein-filled breakfast in less than 5 minutes. Too tired after work to make a fussy dinner? 10-minute Enchiladas are an easy and hearty meal to make for the whole family. Or maybe you want something fancier? Pair the Buttered Shrimp with Mushroom Risotto and Steamed Broccoli for a fully-rounded dinner that's sure to impress. Ready for a late-night snack? Whip up a Cookies and Cream Mug Cake all for yourself-it's even better topped off with the Single-Serve Hot Fudge. If you're feeling generous, the 5-minute Apple Cinnamon Crumble is just big enough to share. Even if you don't want to make your whole meal in the microwave, you can still toast nuts, roast garlic, and dry herbs all in a fraction of the time that traditional methods take. Even staples like rice are fast and foolproof through microwave cooking. So whether you don't want to cook, don't have the time, or don't have a full kitchen, you can still cook fantastic meals with your very own mighty microwave!.
