**DOING FOUCAULT IN EARLY CHILDHOOD STUDIES: APPLYING POST-STRUCTURAL IDEAS (PAPERBACK)****DOWNLOAD**

Taylor Francis Ltd, United Kingdom, 2005. Paperback. Condition: New. UK ed.. Language: English . Brand New Book. The theories and analyses of post-structural thinkers such as Michel Foucault can seem a long way from practice in early childhood services. In recent years, however, many early childhood researchers and practitioners have found this work important and this fascinating book brings together a range of research and case-studies showing how teachers and researchers have brought post-structuralism to the classroom. The book covers such issues as: \* becoming post-structurally reflective about truth \* mapping classroom meanings \* tactics of rhizoanalysis \* becoming again in critically-knowing communities. Case-studies and examples taken from real situations are used and will be of interest to anyone studying or researching early childhood practice and policy.
