Med., 1907-1908, i, Neurol Sec, p. 60; Collier and Wilson: Brain, May, 1908; see also footnotes 9 and 10. 6. Spiller: Univ. Pennsylvania Med. Bull., January, 1905. 7. Orbison: Jour. Nerv. and Ment. Dis., April, 1909. some organic disease of the central nervous system which has not been excluded in a differential diagnosis. A diagnostic lumbar puncture and a serum test for syphilis should have been made. During the writing of this paper Griffith s8 case seen in Philadelphia has come to my knowledge. Collier9 has collected, all told, forty cases from the literature. More recently Griffith finds forty-eight. I have been able to find forty-four including my own. There are a few cases reported in which there is some doubt about the diagnosis. I am not...
