Mermaids on Mars

By Nancy Guettier

Morgan James Publishing llc, United States, 2013. Paperback. Book Condition: New. 212 x 212 mm. Language: English . Brand New Book ***** Print on Demand *****.Water is life, we drink it makes us grow, Water is fun to swim and splash in, this we all know, Water must be respected and protected so forever it will flow. Learn from the Mermaids.they truly know. Mermaids on Mars is a mystical story that enlightens children on the importance of water in our everyday lives. The Mermaids journey begins on Mars, the fourth planet from the sun. During this time, Mars was abundant in water that flowed across the planets surface. The Mermaids thrived in this environment as they love water. The mermaids would indulge in long baths and showers, water their gardens for hours and hours until one day the water was gone. Like humans, Mermaids need water to live, so they jumped on their rocket ship and headed to earth. The Mermaids learned from their misuse of water and encourage us all to engage in simple ways to conserve water in our everyday lives. The Mermaids share their tips to saving water and hope their story of their life on Mars...

Totally one of the better pdf I have at any time read through. It really is simplified but shocks within the 50 % from the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
