

Ford Flex

By Frederic P. Miller

Alphascript Publishing Feb 2010, 2010. Taschenbuch. Condition: Neu. Neuware - The Ford Flex is a full-size crossover manufactured by Ford Motor Company. Its styling is based on the Ford Fairlane concept unveiled at the 2005 North American International Auto Show. The production vehicle made its debut at the 2007 New York International Auto Show. Sales of the Flex began in summer of 2008 as a 2009 model. The Flex is produced on the same assembly line as the Edge and Lincoln MKX crossovers at the Oakville Assembly Plant in Oakville, Ontario, where the first Flex was driven off the line at the beginning of June 2008. It replaced the Ford Freestar minivan and therefore is the first crossover to feature both minivan and SUV properties delivered by Ford. The Flex is only sold in the United States, Canada and in the Middle East. 128 pp. Englisch.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
