Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Pacific Coast Speller Dictation exercises have been given throughout the book. The pupils should be required to write these as they are read by their teacher; thus affording at the same time an excellent drill in spelling, definitions, composition and penmanship. In Parts II and III these exercises are also specially designed to give the pupil valuable information, in marked contrast to the strained, and often inelegant, sentences found as Dictation Exercises in other books. Another peculiar feature is the use of script. It is certainly a discouraging task to undertake to master the forms of all our English words, by the aid of the memory alone. Rules, reason and analogy, will do but little for us in our irregular language. We must have, also, the aid of the eye. To this end it is desirable that the word be presented to the eye in the same shape in which our knowledge is to be tested, and applied. We rarely have occasion to spell otherwise than in writing.
