Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Experimental Farms, 1890: Appendix to the Report of the Minister of Agriculture The importance of continued experimental work in agriculture is recognized by thoughtful men in every civilized country, and State and Government aid to carry on the work is now liberally given, for it is generally admitted that from oft-repeated experiment the largest part of our most useful and accurate knowledge of agricultural subjects has been derived. It is also undeniable that many of the best agricultural products now in cultivation are the result of skillful experiments in the line of selection or of cross-fertilization, or both combined, and equally true that the products, thus somewhat artificially raised by unusual care to a position of high estimation have, when relegated to the hands of the average farmer, gradually deteriorated. There are but few varieties of grain, roots or other farm productions that were in general cultivation fifty years ago which still hold their place in the farmers estimation: most of them have enjoyed but a short-lived popularity, and given place to varieties having greater vigour, greater productiveness or better...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
