Createspace. Paperback. Condition: New. This item is printed on demand. 276 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. This book will take you on a journey into the history of mankind, where no man has gone before. It will answer questions humans have been asking for centuries. Questions such as: What's God's role in our history? Who are Adam and Eve? Were they a result of a natural evolution or a revolution? Who was the woman Cain married, and who are her people? Who are the Angels, and what world did they come from? Are they among us today? Why did the Exodus occur? Who was the Pharaoh? Why Christianity, Islam, Judaism, and the Eastern religions, in other words why religion? Why the races? Where did they come from? Who's behind these religions? What does God want from us? In this book, I will provide unconventional answers, to all these questions and more. The reader is guaranteed new ideas, and conclusions in the matter of our history, religion, and our raison d'être. All the evidence furnished in this book is based on scientific, historical, and religious books, besides logic. We will walk together through history, with a lot of emphasis on the Old Testament, the New Testament, and the Koran, along with some other religious books. Through this journey, I will present to you an alternative explanation of history, different than what we were led to believe from our history books. This will shed some light on what we are, who we are, and what's our purpose of existence. My goal is to show you there's a higher power that controls our lives, and our destinies, for an ultimate purpose. After examining all the evidence I will provide, I hope you will come to the same conclusions I did. There was...
