Orion s Oracle walked around, looking at each student intently and studying every one of them. When she stood before each individual, she smiled and focused her gaze into their eyes. Each student received a powerful surge of energy and would sometimes sit bolt upright immediately. The instructor would then smile again and walk on to the next student until she had connected with each one. While she was doing this, she was also taking note of the other children s reactions. The students felt some kind of energy exchange was occurring but could not explain or understand it at the time. After an evening out on the town, Ohio State philosophy professor Sandra Sawyer magically slips into a dreamlike state and is transported to Alnilam, one of the stars on the belt of the constellation Orion. There, she becomes a student of Cassandra, a radiant and omnipotent oracle who has experienced life on many different dimensions and planes. Knowledgeable about all religious and spiritual beliefs, Cassandra s purpose as Orion s Oracle is to offer her students the answers to life s most perplexing questions. As Cassandra prepares for another rebirth on earth, she and Sandra discover that they are dramatically intertwined.
