

Exploring Water with Young Children Teacher s Guide

By Ingrid Chalufour, Karen Worth

Redleaf Press, United States, 2005. Paperback. Book Condition: New. 274 x 211 mm. Language: English . Brand New Book. Looking at science in a new way, Exploring Water with Young Children focuses children s explorations to help deepen their understanding of water and its properties including concepts related to water s flow, appearance and effect on objects. The third unit in the Young Scientist Series, this field-tested curriculum supports the early development of important science inquiry skills such as questioning, investigating, discussing and formulating ideas and theories. Karen Worth is a graduate-level instructor in the early childhood education department at Wheelock College. Ingrid Chalufour has designed and conducted training programs for a variety of early childhood staff for more than 35 years. Both authors live in Newton, Massachusetts.
