This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

BUILDING UP THE CHURCH OF CHRIST

GRIN Verlag. Paperback. Book Condition: New. Paperback. 92 pages. Dimensions: 8.1in. x 5.8in. x 0.5in. Document from the year 2010 in the subject Theology - Miscellaneous, grade: keine, , language: English, abstract: Established in 1991, the mission of the Namibia Evangelical Theological Seminary (NETS) is to equip Christians with knowledge and skills to live godly lives and serve the Church and the wider community. The purpose of this book is to contribute to the accomplishment of this mission. It is the first volume of essays by NETS faculty members. Each essay is a sustained reflection on a particular aspect of Gods mission in southern Africa and beyond. Josh Hooker gives a reflection upon the role of theological education in the southern African context. For him the crucial question is: Are we truly equipping Christians for ministry Basilius Kasera examines the impact of modern heresies, such as prosperity gospel and open theism, on the church in Namibia in the light of Genesis 3: 1-5. Thorsten Prill tests the claim that evangelism has never been popular both as a concept and a ministry. For this he investigates four 20th century theologians (Barth, Bonhoeffer, Tillich and Moltmann) who have had a significant influence on theological thinking both in European and North American mainstream Protestant denominations and in mission initiated churches in southern Africa. In a second essay he explores the relationship between globalisation and mission. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
