

The Oxford Handbook of Business History (Paperback)

Filesize: 4.06 MB

Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Pearl Corwin)

THE OXFORD HANDBOOK OF BUSINESS HISTORY (PAPERBACK)

[DOWNLOAD](#)

Oxford University Press, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. This Handbook provides a state-of-the-art survey of research in business history. Business historians study the historical evolution of business systems, entrepreneurs and firms, as well as their interaction with their political, economic, and social environment. They address issues of central concern to researchers in management studies and business administration, as well as economics, sociology and political science, and to historians. They employ a range of qualitative and quantitative methodologies, but all share a belief in the importance of understanding change over time. The Oxford Handbook of Business History has brought together leading scholars to provide a comprehensive, critical, and interdisciplinary examination of business history, organized into four parts: Approaches and Debates; Forms of Business Organization; Functions of Enterprise; and Enterprise and Society. The Handbook shows that business history is a wide-ranging and dynamic area of study, generating compelling empirical data, which has sometimes confirmed and sometimes contested widely-held views in management and the social sciences. The Oxford Handbook of Business History is a key reference work for scholars and advanced students of Business History, and a fascinating resource for social scientists in general.
