

## The New View Over Atlantis: The Essential Guide to Megalithic Science, Earth Mysteries, and Sacred Geometry

Filesize: 4.09 MB

### **Reviews**

*This published publication is fantastic. it had been writtern very perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*(Junius Herman)*

## THE NEW VIEW OVER ATLANTIS: THE ESSENTIAL GUIDE TO MEGALITHIC SCIENCE, EARTH MYSTERIES, AND SACRED GEOMETRY

Hampton Roads Publishing. Paperback. Book Condition: New. Paperback. 224 pages. Dimensions: 9.4in. x 6.3in. x 0.9in. John Michells highly controversial *The View Over Atlantis* was first published in 1969. This unrivaled introduction to megalithic science, earth mysteries, and sacred geometry was expanded and updated in *The New View Over Atlantis* in 1983. Now available in a fresh new package this classic, seminal work offers an impressive body of evidence and arguments to support the theory that at one time, many thousands of years ago, there was a worldwide, highly sophisticated civilization that Plato referred to as Atlantis. Michell, one of the premier esoteric writers of the 20th century, reveals that ancient stone monuments and earthworks found around the globe are not randomly strewn, but are a well-executed system of psychic centers connected worldwide and used by the people of Atlantis. Michell also demonstrates the significant modern discovery of leys, a mysterious network of straight lines that link the ancient places around the world. He carefully and thoroughly documents the research that points to these ancient sites as places of high magic. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
