By Margaret M Desjardins

Egg Rock Publishing, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This haunting tale of mystery and intrigue, twists and turns as two modern day teenage cousins untangle a 350 year old island mystery. A real Nahant, Massachusetts tale about Witch Wonderful, the Narragansett Indians driven from their land on Cape Cod during the King Phillips War of 1675, and four kids trying to find out what went wrong. Can they decipher the witch's incantation? What exactly happened to Witch Wonderful on that fateful day in 1675, and why did history get so mixed up? It involves two kids from Florida, two Island girls, one Dunkin Donuts Cafe, and a haunted cave so perilous that it can only be accessed during very low tide. The setting is a mile long island, eight miles north of Boston, surrounded by jagged cliffs, white sandy beaches, and a spooky apparition who walks the shores near Swallow Cave at sunset. This is a mystery that only Z-dog, the brainiac teenager and his love struck cousin, TW, can solve. What happens next is unbelievable! Read on!

The ideal ebook i possibly study. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
