Being a part of a non-profit sector allows us to live in and travel to many cities in the United States, as well as in Europe. As followers of Jesus, wherever we live or travel, our goal is to live out our faith in a different culture. It does not matter if you are a full-time vocational Christian worker, an international company employee, a student studying abroad, or a person who simply wants to live and work in another country-the first 30 days matter! The sooner that you can get out the door, learn the culture, meet people, build relationships, and discover what God has in store for you, the sooner you will feel at home and love your new environment. Thirty topics and Scripture verses are introduced as well as practical ways to apply what you ve learned each day through a simple but fun application assignment. You may want to use the book as an individual devotional, with your family, or with a group. Regardless, it is short and practical so that you have plenty of time to get out and enjoy your new home.
