

**Structure and Dynamics of Elementary Matter: Proceedings of the NATO ASI on  
Structure and Dynamics of Elementary Matter, Camyuva-Kemer (Antalya), Turkey,  
from 22 September to 2 October 2003**

Filesize: 3.75 MB

***Reviews***

*Very helpful for all type of individuals. It is amongst the most incredible ebook i have got study. I am just very easily could get a satisfaction of reading a composed publication.*

*(Mikayla Romaguera)*

**STRUCTURE AND DYNAMICS OF ELEMENTARY MATTER: PROCEEDINGS OF THE NATO ASI ON  
STRUCTURE AND DYNAMICS OF ELEMENTARY MATTER, CAMYUVA-KEMER (ANTALYA), TURKEY, FROM  
22 SEPTEMBER TO 2 OCTOBER 2003**

Springer-Verlag New York Inc., United States, 2004. Paperback. Book Condition: New. 234 x 157 mm. Language: English . Brand New Book \*\*\*\*\*  
Print on Demand \*\*\*\*\*.Ladies and gentlemen, dear colleagues, welcome to Kemer to the NATO Advanced Study Institute Structure and Dynamics of  
Elementary Matter. We have chosen Kemer as the place of our NASI because it is located in a beautiful and hospitable surrounding. This part of the  
Mediterranean at the Turkish Riviera is a historic region where many cultures meet (e.g., the Oriental and the Greek and Roman European cultures)  
and where you find numerous places which played a role in ancient science and in early Christianity. Moreover, with the hotel Ceylan Inter-  
Continental we have found a most excellent meeting place, directly located at the beach, equipped with wonderful swimming pools and restaurants  
- an absolutely first-class location. Our NASI will deal with the most recent developments in high-energy heavy  
ion physics and in the search for superheavy nuclei - two rather distinct areas of research. Indeed, we want to bring two very active communities of  
nuclear and high-energy physics into close contact. The meeting is both a school and has also the character of a conference: A school because there  
are many advanced students, many of which are themselves already top researchers and who are contributing with their own research in seminars  
and posters. It is also a conference because new results in the exciting and wonderful fields of low- and high-energy heavy ion physics will be  
presented. We are mainly focussing on the topics of superheavy elements and of hot and dense nuclear matter. Softcover reprint of the original 1st  
ed. 2004.
