Reviews

Extremely helpful for all type of folks. It generally is not going to expense a lot of. I found out this book from my dad and i advised this book to find out.

(Melany Goyette)

BOOBY TRAPS

Naval Military Press Ltd, United Kingdom, 2009. Paperback. Book Condition: New. 196 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****.This War Office pamphlet, issued in 1952 at the dawn of the Cold War, updates one issued ten years earlier at the start of the Second World War. Its purpose is to introduce soldiers to booby trap bombs (a cunning contrivance) commonly used by the British army - and to warn them against similar devices set by the enemy. The devices described and illustrated are of four basic types: a Pull type - triggered by the pulling of a trip wire; Push types, triggered by the application of pressure such as a foot stepping on a plunger; Release devices triggered by the lifting of an apparently harmless object; and Delayed devices, triggered by some form of automatic delayed mechanism - ranging from a few hours to several days. This is a concise but comprehensive guide to what it calls lethal practical jokes designed to impede and delay the enemy.
