

Market-Based Governance: Supply Side, Demand Side, Upside, and Downside

By John D. Donahue, Joseph S. Nye

Brookings Institution. Paperback. Book Condition: new. BRAND NEW, Market-Based Governance: Supply Side, Demand Side, Upside, and Downside, John D. Donahue, Joseph S. Nye, The latest in a series exploring twenty-first-century governance, this new volume examines the use of market means to pursue public goals. "Market-based governance" includes both the delegation of traditionally governmental functions to private players, and the importation into government of market-style management approaches and mechanisms of accountability. The contributors (all from Harvard University) assess market-based governance from four perspectives: The "demand side" deals with new, revised, or newly important forms of interaction between government and the market where the public sector is the "customer." Chapters in this section include Steve Kelman on federal procurement reform, Karen Eggleston and Richard Zeckhauser on contracting for health care, and Peter Frumkin. The "supply side" section deals with unsettled questions about government role as a provider (rather than a purchaser) within the market system. Contributors include Georges de Menil, Frederick Schauer and Virginia Wise. A third section explores experiments with market-based arrangements for orchestrating accountability outside government by altering the incentives that operate inside market institutions. Chapters include Robert Stavins on market-based environmental policy, Archon Fung on "social markets," and Cary...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
