Authorsolutions (Partridge Singapore), United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Can we talk to the trees? Well over the years people have tried, One Singer sang to them but they didn t answer. A Prince talked to them and was thought to be barmy. Here a Human not only talks to trees and plants but also creatures who have a lot of recognisable problems with Humans. Throw in beings from other dimensions on this planet and Aliens from another galaxy and you have a whole crazy stew of unbelievable events. There is a mass exodus of snails from France who don t want to be eaten, French frogs who need wheelchairs because their legs have been cut off and crickets from China who don t want to be fried. They all become an immigration problem! There are English centipedes complaining about the cost and quality of 50 pairs of trainers and a host of other beings who resent being disturbed. The Human is caught up in all these trials and tribulations and just when he thinks he has escaped . Well!! The reader will be brought face to face with another reality through fantasy, humour and fun. Read and enjoy.
