The Apple iPad mini, iPad, iPhone and iPod touch have take the world by storm. Everyone young and old wants to own / use one. People are simply mesmerized by all the assorted apps that are available for the various different mobile platforms. But, one of the problems for developers has been how to create the next killer app that everyone wants to download and own. That s where this book comes into play. App Blanks, now in its second edition has been updated to give you one place to put down all your thoughts and ideas before ever getting into code. By using this workbook you can plan out all the various things that you will need to create your next killer app. The most important thing to do when designing anything is to get the idea out of your head and down on paper as soon as you can. Allowing it to come to life from your minds eye to code. App Blanks gives you a place to put down all the things you need before coding: App Scope /...
