Random House USA Inc, India, 2010. Paperback. Book Condition: New. 202 x 130 mm. Language: English . Brand New Book. We are now so abusing the Earth that it may rise and move back to the hot state it was in fifty-five million years ago, and if it does, most of us, and our descendants, will die. -James Lovelock, leading climate expert and author of The Revenge of Gaia I don't see why people are so worried about global warming destroying the planet - peak oil will take care of that. - Matthew Simmons, energy investment banker and author of Twilight in the Desert The Coming Saudi Oil Shock and the World Economy The twin crises of climate change and peaking oil production are converging on us. If they are not to cook the planet and topple our civilization, we will need informed and decisive policies, clear-sighted innovation, and a lucid understanding of what is at stake. We will need to know where we stand, and which direction we should start out in. These are the questions Carbon Shift addresses. Thomas Homer-Dixon, author of The Ingenuity Gap and The Upside of Down, argues that the two problems are really one...

Reviews

Definitely among the best book I have got possibly study. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
