Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Keely Allison has spent years trying to prove that her home town of Pembleton Arizona is haunted. She's let her grades slip, upset her mother by avoiding anything remotely close to the normal high school experience, and utterly ignored a love life. She's the leader of two person paranormal society, along with her polar opposite Tad Buckley. Tad's an honors student, the apple of his folks eyes and totally in love with Keely (he has been for years and he really, really, really thinks this will be the year he finally tells her just that). When Sean Cage moves to town everyone's life gets thrown into a violent upheaval. He joins the society, challenges their methods, becomes the first crush of Keely's life, and forces Tad into a put up or shut up position with his feelings for Keely. As the three find their paranormal and romantic lives suddenly in fast forward, they too find the already well documented spookiness of Pembleton Arizona doing the same. Sean finds sleep nearly impossible as he's taunted by a monstrous black mass at the foot of his bed. Tad is forced to choose between sneaking out the back door like the rest of the honors kids or going out the front and potentially facing hazing at the hands of a demon possessed jock-bully. As for Keely she just may find the proof she's always wanted so badly to find, the question is will she believe it when it's standing right in front of her?.
