With 405 members, Dazzl3d is a group of modest size, but it is unique in its mission: Founded upon the principle that we all have something to learn from one another, Dazzl3d is a place where ALL artists can come and enjoy a specific medium: 3D art. In this book, you will find inspiring 3D artwork from a vast spectrum of 3D applications. You will also find interviews with the artists whose work is featured, a look at the techniques that go into postworking the image that comes from the 3D render engine, and tips and tricks that will help you hone your craft, no matter what your experience or skill level. Combining inspiring artwork with practical advice, *Rendered Speechless: Art on the Z-axis* a book you'll want to add to your digital art library.
