The Author is now obliged to publish it, perhaps prematurely, in defense of the principles of his work. The Monthly Reviewers, in their Review, June 1784, were pleaded to give a criticism on the Essay, which, considering it as a composition, was perhaps full as favorable as it deserved. The writer never has published either for reputation or profit, never has acted the Author, but when his opportunities and situation pressed him into the service of his country and his king.
