Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Stock Market Investing to Build Wealth, a Worry-Free Retirement, and Financial Independence Want to get started investing in the stock market, but aren t sure how to do so? What are stocks? What determines their market prices? Why do they go up and down? How can I beat the stock market? What are mutual funds? What are index funds? What are Exchanged Traded Funds? Even though the stock market is the heart of a country s wealth, and even though it enables everybody to be a part owner in the largest, most successful countries in the world, it s not taught in public schools. But be warned: the mainstream press often misrepresents the stock market. They focus on making today s news exciting and dramatic to sell copies. Frankly, the best investing is boring investing. It s putting as much money as you can afford into many companies, and reinvesting dividends. And continuing to do so until you reach retirement age. The best investing is not about trying to figure out what s going to happen in the economy or the markets tomorrow, next week, next month or next year. Many financial writers try to make you think you have to work hard at investing. You must study stock charts every night. Read annual reports. Thoroughly analyze a company s financial statements. Read THE WALL STREET JOURNAL, BARRON S, and MONEY MAGAZINE. Buy special software. Hang out in online investing forums. Not so! Don t waste your time. This book takes modern financial theory to its logical conclusion. You can get the maximum long term benefit by following its simple plan. No tedious math or economics theory needed....
