Mystery of the Universes, Book Two (Paperback)

By Beverly J Thompson

Gathering Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.We have entered into the New Age, an age of consciously living as spiritual human beings. This time, called The Age of Science of the Divine, is an awakening into knowing our true identity as souls, a part of Creator of All That Is. We are leaving our current system of living in this third dimensional world of duality. And we are moving into a more realized system of living in the Now, functioning through our heart/mind with love and compassion for our self and all life. This book contains 80 writings giving us further insight into the bigger reality including: The Great Shift, what is our soul, what/who is God or Creator Source, why are we here on earth at this time, understanding our connection to everything, advanced knowledge of our evolving consciousness, and a glimpse into some of our future abilities, what now we perceive as impossible. Through the process of inter-dimensional communication, the author agreed to be the scribe to bring the reader into a better understanding of his or her own divinity. This book, the second in the...

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
