Top rated chef and home economist Nancy L. Benton has compiled quick and economic dinner ideas using leftovers and the best part is that they are quick and easy recipes you too can use to feed your hungry brood. She has included a good many easy meals for kids as well as healthy quick dinners, many of which are considered cheap dinner ideas so as not to tap your budget. Leftovers don't have to taste like they fell out of your boots and with proper planning and preparation they can wow any fussy eaters! In fact, even people that adamantly admit they hate leftovers will sing your praises and so will their baby fat because the How To Recycle Food are designed for maximum taste and maximum nutrition. I don't like wasting anything let alone food and with the cost of food skyrocketing, it pays to stretch every penny of your food budget to the max. This book encompasses leftover meals, best leftover meals, quick dinner ideas, quick and easy recipes, easy meals for kids, healthy quick dinners, and cheap dinner ideas all with economy and taste built in.
