THE ADOPTION (PAPERBACK)

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Adoption, is the story of a new born girl baby born in rural China. Because of her gender, and for no other reason, with the umbilical cord still attached, she is thrown down a well, the well of lost children by her father, the insane son of the last emperor, but she survives. This story explores the social consequences of the Chinese one child policy established in 1979. Since then it has been estimated that more than 15,000,000 new born girl babies have disappeared, most through infanticide and even some through cannibalism. The baby has a secret that makes her a very valuable commodity in the adoption market. She is the granddaughter of the last emperor of China, Pu Yi of the Ching Dynasty. There are wealthy people throughout the world who would pay enormous amounts for a child of that status. The crime syndicate negotiates the sale of the child to a rich Russian oligarch who accumulated her wealth in construction, and thinks she can penetrate the booming Chinese construction economy with a Chinese child of royal status. She believes being the mother of the heir to the Ching Dynasty would afford her much influence. There is a mistake...
