RETHINKING HELL: READINGS IN EVANGELICAL CONDITIONALISM (PAPERBACK)

CASCADE BOOKS, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever. But is this what the Bible truly teaches? Do Christians need to rethink their understanding of hell? In the late twentieth century, a growing number of evangelical theologians, biblical scholars, and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality. This view contends that the unsaved are resurrected to face divine judgment, just as Christians have always believed, but due to the fact that immortality is only given to those who are in Christ, the unsaved do not exist forever in hell. Instead, they face the punishment of the second death --an end to their conscious existence. This volume brings together excerpts from a variety of well-respected evangelical thinkers, including John Stott, John Wenham, and E. Earl Ellis, as they articulate the biblical, theological, and philosophical arguments for conditionalism. These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell. As more and more people open their minds to rethink the doctrine of final punishment, this book will be a valuable resource and reference. I wish it had been available when I did my own research. This volume is extensive, inclusive, and impressive in scope and approach. I am delighted to endorse it! A book for our time, it should enjoy great success. --Edward Fudge, author of *The Fire That Consumes* This volume is to be welcomed and recommended for its usefulness in gathering together some of the most significant contributions from leading scholars and preachers who question whether the eternal conscious punishment of...
