By Ray Roddy

iUniverse, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.We all know bin Laden. Jack Mulcahey of the FBI knew him better. Jack and his sidekick Jimmy track down our single most deadly enemy since Hitler, all the time being stymied by apathy and an unwillingness to believe the extent of Fundamental Muslim hate for the west. Come along for a wild ride that takes you from the first Trade center bombings in 93 to the outrageous plot where bin Laden and Saddam Hussein join forces after the tragic events of 9/11, to lay waste to America using dirty bombs. The search for Al-Qa ida and the culmination of terror is interwoven with unbelievable facts, held together by the quick wit of Mulcahey. The treachery of our friends , Saudi Arabia and our own own Governments inadequacy will leave you breathless. I was stunned with the XGBOY s (Retired FBI agents) research along with my own. You will be Outraged as well as entertained and educated. They are out there and they are evil.
