Excerpt from Effective Public Speaking in Business Life Now a word as to directness and earnestness 111 delivery. To be direct one must speak to not at or, over his audience. Directness is the searching out element which is so charming in conversation, and which should be carried into public address. It is strange why so many then get up in the pulpit or on the platform and assume an ethereal air, and take on the heavenly tone. The singsong, chanting method destroys directness. No one who is in earnest when he has information to give or an appeal to make is going to sing it out. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
