

Curacion Natural Para Esquizofrenia (Paperback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

Borage Books, United States, 2012. Paperback. Condition: New. Language: Spanish . Brand New Book ***** Print on Demand *****. CURACION NATURAL PARA ESQUIZOFRENIA (Natural Healing for Schizophrenia) is a state-of-the-art compendium, encompassing decades of clinical experience and research by pioneering physicians worldwide. It describes the importance of each nutrient and herb to mental health, and depicts the major schizophrenia biotypes, their symptoms and vitamin needs. And it explores approaches for confounding conditions: allergies, sugar imbalances, heavy metals and other toxins, and illnesses. WILLIAM WALSH, PhD: The most useful volume on nutritional methods for mental illness written in the past 20 years. I believe that it will be a valuable resource for researchers, clinicians, and families alike. It is required reading for our research and medical staff. OSCAR KRUESI, MD: An invaluable resource for every family afflicted by not only schizophrenia, but any mental illness. This book enlightens us all in the medical profession and will give great hope and comfort to patients. I recommend it most enthusiastically. ABRAM HOFFER, MD, PhD: A superb, detailed account of orthomolecular treatment, with enough detail so that any physician with only the material here presented could begin to use the treatment. An excellent outline of what could become a lecture course running perhaps several semesters, to teach physicians all about the best treatment of schizophrenia which is available today. RALPH GOLAN, MD: A magnificent and needed contribution to the field of mental health. Well-organized, clearly written, and comprehensive in scope, it will without doubt change the lives of the sufferers and families with mental illness. Should be required reading for psychiatrists, psychologists and other health professionals, as well as those planning medical school curriculum and national health policy. A superb work, a beacon of hope. CURACION NATURAL PARA ESQUIZOFRENIA abarca decadas de experiencia clinica...
