

## Learning the Psychic Shift

By Wayne C. Irwin

AuthorHouse. Paperback. Condition: New. 248 pages. Dimensions: 8.1in. x 5.1in. x 0.6in. This how-to manual teaches a useful skill in psychic sensing, called Directed Intuition. It involves merely shifting your awareness, much like you routinely shift attention to recall a memory. You can use the skill at any time, with eyes open and engaged in activities. The unique training method has proven effective both in classes and self-instruction. The author devised the concept in the mid 1960s after years of developing his own sensing ability by experiment, and by 69 began teaching classes for several years. This updated book (first edition 1970) has abundant examples of remarkable results and swift learning—even some within a few minutes. The lessons are a third of the text. The rest discusses expected achievements, mental impressions during training, and applications for the skill in diverse fields, including business, foreign affairs, and relationships. This book is intended for (1) people desiring to enrich their lives with psychic insight, (2) disciplined researchers into psychic phenomena, and (3) investigators of subjects where needed data cannot be obtained by other means. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
