## Scattering of Thermal Neutrons: A Bibliography (1932-1974) (Paperback)

By Andre Larose

Springer-Verlag New York Inc., United States, 2012. Paperback. Condition: New. Language: English . This technique was first made possible by the advent of the nuclear reactor and has, since then, undergone many refinements. The developments in this field of research have, we felt, necessitated the making of a comprehensive compilation of the published thermal neutron papers. The large number of titles collected in this book, as well as their diversity and their yearly distribution, reflects the continued contribution of the neutron probe to our understanding of physical systems. This bibliography is an updated and improved version of the one first published by us in March of 1973 under a similar title. Many of the omissions and inconsistencies of the first edition, such as occurred, for example, in the initialing of authors names, have been corrected.
