**COPY, PLAY LEARN (PAPERBACK)**

Bryce Leader, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Finally a guitar book written and designed to teach the way young kids learn! This guitar book is the ideal introduction to playing the guitar and note reading for young children from 5 years old. -Young children learn differently to older kids. They don't have the necessary cognitive and fine motor skills required to learn from a traditional guitar teaching method. Students play using their natural learning processes based on observation and pattern recognition. -Students will learn to read music in the same way they learn to read words. By associating a word with an object, a child learns to read. In this book, students can associate words of songs with notes in musical phrases. -Offers a unique, simple and graded solution. It works with a young child's natural learning processes. -Pieces contained in this book initially allow the student to focus on developing one fine motor skill at a time in the context of fun, educational and engaging pieces. -Young students will be able to play guitar and read music quickly and easily. -Comes with teaching hints, revision flash cards and cool, free downloadable backing tracks available at.
