It will gratify half of mankind and astound the other. - Mark Twain The greatness of a nation and its moral progress can be judged by the way its animals are treated. - Mahatma Gandhi It seems to me that the idea of a personal God is an anthropological concept which I cannot take seriously. I also cannot imagine some will or goal outside the human sphere. Science has been charged with undermining morality, but the charge is unjust. A man s ethical behavior should be based effectually on sympathy, education, and social ties and needs; no religious basis is necessary. Man would indeed be in a poor way if he had to be restrained by fear of punishment and hope of reward after death. - Albert Einstein.
