

Main Street Accounting (Paperback)

Filesize: 2.69 MB

Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.
(Dr. Lukas Hills DDS)

MAIN STREET ACCOUNTING (PAPERBACK)

Dog Ear Publishing, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Are you a financial professional with a desire to be deeply involved in the management of the company that employs you? If so Main Street Accounting is for you; it s all about ways to integrate accounting with purchasing, general management, and human resources to run a business of any kind in a highly competitive environment. The focus is on how to manage a business for the long run; not for quarterly results. The take on matters such as debt and capital expenditures is not always conventional but always well suited to long term success. A few examples of topics covered are creditworthiness for the stand alone business; raw material purchases and hedges; three ways to view productivity; understanding incremental pricing; and buying a small business (true synergy, your role). Written by John Wheeler, MBA, and a former VP of Finance, Main Street Accounting is clear, concise, and to the point and is filled with ideas and insights from real life.
